Dear Friends,

Thank you so much for your recent gift of £10,000 to bring vital aid to the survivors of the earthquake in Haiti. Your generous donation is helping our church-based partners in Haiti to respond to some of the most urgent needs; providing temporary shelters to those made homeless, and food, clean water and sanitation.

Churches in Haiti are helping our partner, World Relief, to feed hungry earthquake survivors in Port-au-Prince. Hot meals comprising rice, beans and porridge are being served to 1,400 vulnerable people daily by World Relief staff alongside volunteers from local congregations. World Relief, which has been working in the Caribbean country for 15 years, is using its close links with local congregations to mobilise manpower for the relief effort. Our partner is planning to launch more feeding centres, including two in the badly affected areas of Leogan and Jacmel, which have received little emergency aid.

World Relief staff are also working to boost desperately needed water supplies by drilling bore holes and installing water pumps. Meanwhile our partner's medical workers continue to provide treatment to the injured at its 300-bed hospital in Port-au-Prince. This is one of the few centres able to treat people and has three operating theatres working around the clock.

Please pray for the international response to the earthquake and for those directing it. Pray also for Tearfund staff and partners as they deal with their own losses and work to help others. Pray for the church in Haiti to be able to give a response of love, care and hope to the population.

We are very grateful to The Free Church of Scotland for the support you have given us, particularly in response to disasters, over many years. Thank you for your generosity, which is helping to save lives.

Yours in Christ

Lynne Paterson
